

JARED ROGERSON

ROCKY MOUNTAIN COUNTRY & RODEO ROCK

BIO:

Jared Rogerson is an artist whose cowboy roots have blossomed into a distinct country vibe "...crafted to appeal to cowpokes who are equally comfortable with Chris LeDoux and Bon Jovi" – American Cowboy Magazine. As part of a western generation that grew up on Chris LeDoux, he continues to carry the torch for the culture like other contemporary artists such as Aaron Watson and Cody Johnson. His inevitable career in music was delayed due to a focus on rodeo where he competed as a bareback bronc rider at high school, collegiate, and professional levels. A final rodeo wreck spurred Jared into making music his priority. That same grit and determination he developed through rodeo has translated across disciplines resulting in the production of 4 studio albums. Since June 2023, he continues to aggressively releasing new singles along with official music videos every single month, which has launched him to the next level. While not on the road performing his brand of Rocky Mountain country and rodeo rock, Jared can often be found in the saddle traversing rugged mountains near his home in Wyo.
